## CSU Board of Governors and Undergraduate Admission Standards

The following undergraduate admission information reflects minimum requirements that may be subject to change after the General Catalog has been published. The Board of Governors of the Colorado State University System (<http://csusystem.edu/>) reserves the right to deviate from published admission requirements. In such cases, changes in admission policy will be publicized.

## CSU's Philosophy of Undergraduate Admission

We value the diversity and rich history that different peoples and populations bring to our academic community, which is the embodiment of the University's land grant mission and heritage. We seek applicants from a broad range of backgrounds, talents, experiences and viewpoints. CSU is committed to a comprehensive, individual review process that can take into consideration a wide range of factors, such as academic course work, rigor, trends and achievement, leadership qualities, school and community service, geographic residence, first generation status, and ability to contribute to a vibrant and diverse campus community. No qualified student is turned away from admission to CSU.
