

MASTER OF ARTS IN ENGLISH, PLAN B, TESL/TEFL SPECIALIZATION

The Master of Arts in English, Plan B, TESL/TEFL Specialization provides graduates with practical, theoretical, and critical knowledge of methods for teaching the English language in various social and academic settings. The program features an integrated core in which a comprehensive understanding of the form and communicative functions of the English language is combined with both general and skill-specific (reading, writing, listening, speaking) pedagogical theories and applications. These courses are designed to promote reflective inquiry, to provide students with the necessary tools for ongoing professional growth, to serve as models of effective pedagogy, and to introduce students to the various ways in which instruction can be enhanced by contemporary technologies. The final requirement for the Plan B option encourages students to make connections between theory and practice through a variety of supervised teaching experiences and the completion of a portfolio or project.
