Voice Option

The Bachelor of Music, Performance Concentration, Voice Option is a professional degree program that provides students with excellent opportunities for vocal, artistic and personal growth. Each member of the voice faculty provides a nurturing, yet challenging studio environment. The emphasis of process over product allows students to develop a solid platform of vocal technique for realizing their personal artistry.

All voice students study with a highly qualified and experienced faculty of professors of voice. In addition to a seminar for freshman voice majors that supports their transition to collegiate study, voice majors spend the fall semester of their first year by participating in individual lesson rotations with each of the voice faculty. In their second semester of study, voice majors are placed with a single teacher for the rest of their degree program to promote personalized and engaged care for the student throughout their study at CSU.

Voice students have the opportunity to perform in a variety of styles and formats, as soloists and ensemble members of choirs, opera and musical theater productions, and chamber music collaborations. Voice students perform a jury each semester and sing on voice area and departmental recitals throughout the year.
